ATCO (<https://www.atco.com/en-ca.html>) is a diversified global corporation delivering comprehensive solutions and service excellence in Energy Structures & Logistics; Transportation; and Commercial Real Estate. ATCO is community-based with a global reach. Over the course of our 77 years, we have worked in more than 100 countries developing reliable, integrated solutions. Our history has been shaped by imagination, courage, perseverance

these are the qualities that we seek in all potential employees. To learn more about what makes ATCO a one-of-a-kind employer visit [www.atco](https://www.atco.com) (<https://www.atco.com>), to see all that we have to offer.

Who you are:

- Are you an ambitious and motivated student who thrives in an environment powered by entrepreneurial spirit and an inspired vision for the future on our team!
- Must be enrolled in an undergraduate co-op (or internship) program at a recognized Canadian university.
- Have demonstratable experience working in AI such as Copilot or Gemini to build and deploy AI and Automation solutions.
- Have Excellent computer skills and experience working with Microsoft Office Suite.
- Be able to communicate verbally and in writing clearly and concisely, using appropriate technical vocabulary.

To apply:

- Please indicate on your resume how many months you are available for and that you are able to start in January 2027.
- Include your most recent transcript in your application.

What you get to do:

In this role, you will not just be watching from the sidelines

- You will be integrated directly into a highly agile, dynamic, and collaborative team.
- You will have the unique opportunity to design, build, and deploy real-world AI and automation solutions utilizing industry-leading platforms (Power Platform/Azure AI, Google Cloud AI/Workspace, and UiPath).
- Beyond development, you will act as an AI champion, driving organizational productivity by training and empowering business users to unlock the value of these emerging technologies.

If you thrive on challenge, love solving complex problems, and are excited to shape the future of work, this role is for you!

Please note that only those selected for interviews will be contacted.

With approximately 6,000 employees and assets of \$23 billion, ATCO is a diversified global holding corporation with investments in Structures (workforce housing, innovative modular facilities, construction, site support services, and logistics and operations management), Energy Infrastructure (generation, transmission and distribution; natural gas transmission, distribution and infrastructure development; energy storage and industrial electricity and natural gas retail sales), Transportation (ports and transportation logistics) and Commercial Real Estate. More information can be found at www.ATCO.com (<https://www.ATCO.com>). ATCO is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment regardless of race, color, religion, sex, national origin, disability status, veteran status, sexual orientation, gender identity or any other characteristic protected by law.
