Role Type:

Internship/Co-op

Work Term:

Winter/Term 2

Work Location:

Toronto, Ontario, Canada

Hours:

37.5

Pay Details:

45700 - 74400 CAD

TD is committed to providing fair and equitable compensation opportunities to all colleagues. Growth opportunities and skill development are defining features of the colleague experience at TD. Our compensation policies and practices have been designed to allow colleagues to progress through the salary range over time as they progress in their role. The base pay actually offered may vary based upon the candidate's skills and experience, job-related knowledge, geographic location, and other specific business and organizational needs.

As a candidate, you are encouraged to ask compensation related questions and have an open dialogue with your recruiter who can provide you more specific details for this role.

Job Description:**DEPARTMENT OVERVIEW**

Co-op and Internship opportunities allow you to gain valuable work experience across a number of the businesses at TD. You will work with experienced colleagues, receive world class training, and be part of a community of students across TD, where you will have an impact, grow as individual and experience our culture of care.

Our **Co-op/Intern Programming** is offered with select Co-op and Internship roles, and is designed to help you better understand the TD business, build on critical career capabilities, and broaden your professional network. This program is designed to complement your on-the job experience and features:

- Leadership talks with key Leaders from across the organization
- Diversity and Inclusion and Personal Branding and so much more

JOB DESCRIPTION

The Enterprise DevOps pipeline helps TD get to market faster on public cloud by enabling "Self-service" environment creation, and modularization of both the application and the infrastructure through the pipeline.

You will take part working and contributing towards various development work, building up new DevOps tools to enable deployment of Azure public cloud services. Day 1, you will be treated as an equal member of the team and given meaningful assignments to help us deliver improvements to our technology platforms.

This may include, but is not limited to the following:

- Work on DevOps development, design, and build, managing tools for Enterprise-wide technology including Nexus binary repository, GitHub code repository, Jenkins, CI/CD engine, Terraform, Sonarqube, & Aquasec
- Learn to develop and write Python, Java, shell scripts and groovy code
- Learn to setup a development environment with docker, and development tools
- Learn about cloud security, working with various cloud security tools, policies and secrets management
- Work with DevOps and cloud tools including GitHub, Terraform, Nexus, Jenkins, Xeebia Release & Deploy, Hashicorp Vault, Aquasec, Bitbucket
- Gain exposure to Salt, DNS, Redhat Satellite, Datadog, Sensus, SQL, Splunk, Mongo
- Learn cloud services including Azure machine learning, Azure SQL, Azure data lake (ADLS), Azure Kubernetes, Azure function, Azure Databrick, etc.
- Review and assess new technologies and work through testing, validation, and integration for TD internal tools & systems
- Continuously enhance knowledge/expertise and keep current with leading-edge technologies trends/developments and develop expertise in TD services, applications, infrastructure, analytical tools and techniques that can contribute to effective solution development/delivery

JOB REQUIREMENTS

- Currently enrolled in a relevant technology program, such as Computer Science, Engineering, Information Technology Management, Computing, etc.
- Knowledge of python and/ or java programming is required
- Ideal candidate is a well-rounded developer, with an understanding of DevOps and Cloud tools/ platforms and an enthusiasm to deepen their knowledge and expertise through hands-on experience engineering TD's DevOps pipeline

ADDITIONAL INFORMATION

ADDITIONAL INFORMATION

Please note that this is a general posting. If you are selected for an interview, more information regarding which business group and the specific job duties will be provided. Additionally, we are open to all years of study but primarily target 3rd & 4th year students.

Early Talent Requirements

- This position is a 4-month work term and will commence January 4, 2027- April 23, 2027.

- Applications must include a resume (maximum of 2 pages) and a school transcript
- Must be enrolled in an undergraduate/ graduate degree (requirement of all co-op/intern positions)
- We welcome all applications; however, we will only contact qualified candidates chosen for an interview. Thank you for your interest.
- TD requires employees to reside in Canada where the role is located. Successful candidates are expected to arrange relocation to one of our Toronto/ Mississauga offices in a hybrid model (4 days per week in office).

Assigned Line of Business Requirements

Please note that the line of business that you are assigned to may require specific skills not mentioned in this posting

HOURS

Monday-Friday, standard business hours

INCLUSIVENESS

At TD, we are committed to fostering an inclusive, accessible environment, where all employees and customers feel valued, respected and supported. We are dedicated to building a workforce that reflects the diversity of our customers and communities in which we live and serve. If you require an accommodation for the recruitment/interview process (including alternate formats of materials, or accessible meeting rooms or other accommodation), please let us know and we will work with you to meet your needs.

Who We Are

TD is one of the world's leading global financial institutions and is the fifth largest bank in North America by branches/stores. Every day, we strive to make every interaction, product, and experience remarkably human and refreshingly simple for over 27 million households and businesses in Canada, the United States and around the world. More than 95,000 TD colleagues bring their skills, talent, and creativity to foster deeper relationships, ensure disciplined execution, and build a simpler, faster banking experience. TD is deeply committed to being a leader in client experience, that is why we believe that all colleagues, no matter where they work, are client facing. Together, we are reimagining what banking can be for our clients, colleagues and communities.

Our Total Rewards Package

Our Total Rewards package reflects the investments we make in our colleagues to help them and their families achieve their financial, physical, and mental well-being goals. Total Rewards at TD includes a base salary, variable compensation, and several other key plans such as health and well-being benefits, savings and retirement programs, paid time off, banking benefits and discounts, career development, and reward and recognition programs.

Additional Information:

We're delighted that you're considering building a career with TD. Through regular development conversations, training programs, and a competitive benefits plan, we're committed to providing the support our colleagues need to thrive both at work and at home.

Please be advised that this job opportunity is subject to provincial regulation for employment purposes. It is imperative to acknowledge that each province or territory within the jurisdiction of Canada may have its own set of regulations, requirements.

Colleague Development

If you're interested in a specific career path or are looking to build certain skills, we want to help you succeed. You'll have regular career, development, and performance conversations with your manager, as well as access to an online learning platform and a variety of mentoring programs to help you unlock future opportunities.

If you're passionate about helping clients and building deep, lasting relationships, TD offers diverse career paths where you can grow your expertise and make a meaningful impact.

We're committed to your success and foster a respectful workplace where diverse perspectives are valued, everyone has fair opportunities to grow, and you can unlock your full potential to achieve your career goals. Here at TD, we hire and develop the best.

Training & Onboarding

We will provide training and onboarding sessions to ensure that you've got everything you need to succeed in your new role.

Interview Process

We'll reach out to candidates of interest to schedule an interview. We do our best to communicate outcomes to all applicants by email or phone call.

Accommodation

Your accessibility is important to us. Please let us know if you'd like accommodations (including accessible meeting rooms, captioning for virtual interviews, etc.) to help us remove barriers so that you can participate throughout the interview process.

We look forward to hearing from you!
