### Job Description

IGM Financial Inc. is a leading wealth and asset management company in Canada, managing approximately \$310 billion in assets as of December 31, 2025. It offers financial planning and investment services to over two million Canadians through IG Wealth Management and Mackenzie Investments.

Mackenzie Investments, founded in 1967, is a key part of IGM's business model, serving as a comprehensive asset-management partner for Canadian financial advisors and their clients.

**At Mackenzie Investments You Can Build Your Career with Confidence.** We are proud to be recognized as one of Canada's Top 100 Employers for the fourth consecutive years and one of Canada's Best Diversity Employers. Our vision and strategy aim to innovate the industry and support Canadians in achieving their financial goals.

Join our team to engage in continuous learning and skill development in a supportive environment. Experience the best of both worlds with our hybrid work environment, where you spend three days a week in the office, connecting, collaborating, and enjoying quality time with your amazing colleagues! Our Values: Be better; we strive for improvement in everything we do. Be accountable; we foster clarity and are empowered to act responsibly. Be a team; we are united to drive collective impact to achieve our goals.

### Position:

We are currently hiring an intern looking for a winter term position, January to April 2027, in our Toronto office. Candidates in an undergraduate program that will be returning to school after the internship to be eligible to apply. This position is responsible for supporting the Infrastructure Security & Ops Team. The student will assist in developing datasets, models, and reports which are used to understand our business and meet strategic objectives. This position provides a great opportunity for a university student to gain practical experience in the fields of AI and Data Science.

This is a full-time position requiring 37.5 hours per week, Monday through Friday. Candidates must be eligible to work full-time for the entire duration of the program.

### Responsibilities:

- Primary focus will be on ad-hoc projects or support of organizational projects in-flight
- Produce documentation. Ex; how-to guides, communication

- Analysis of documents, datasets
- Coordinate activities, meetings, tasks with internal team members
- Data analysis of semi-structured data

**Requirements:**

- Enrolled in a business or technology post-secondary program
- Pro-active, problem-solving attitude and ability to work calmly under pressure
- Experience working in Agile (Scrum, Kanban) environments
- Desire to always make things better
- Keep abreast of developments in field (e.g., through reading, internet, discussions, experiments with new techniques and tools)
- Familiarity with data analysis tools and techniques.
- Understanding of testing practices
- Well-organized
- Structured thinking

**Preferred**

- Familiarity with PowerBI
- Experience with structuring AI prompts and Automation, especially with MS tooling

**To apply, please include a resume and transcripts (full unofficial version) by September 20, 2026, at 11:59 pm EST.**

The expected annual base salary range (prorated for the term) for this role is \$49,000 - \$51,000 which is determined based on year of study, IGM program, geographic location and candidate's skills, knowledge and experience. In addition to base salary, this role is eligible for paid time off.

IGM is a diverse workplace committed to doing business inclusively - this starts with having a representative workforce! We encourage applications from all qualified candidates that represent the diversity present across Canada – including racialized persons, women, Indigenous persons, persons with disabilities, 2SLGBTQIA+ community, gender diverse and neurodiverse individuals, as well as all who may contribute to the further diversification of ideas.

Mackenzie Investments is an accessible employer committed to providing barrier-free recruitment experience. If you require accommodation or this information in an alternate format at any stage of the recruitment process, please reach out to the Talent Acquisition team who will work with you to meet your needs.

**How to Apply:** Interested candidates are invited to submit their resume and a cover letter detailing their qualifications and experience to <https://www.mackenzieinvestments.com/en/careers>.

**Artificial Intelligence in Recruitment:** As part of our Talent Acquisition process, we may use

artificial intelligence and automated tools to support activities such as candidate sourcing, application review, and interview scheduling. These tools support the recruitment process; all hiring decisions are made by people.

We thank all applicants for their interest in Mackenzie Investments; however, only those candidates selected for an interview will be contacted.
