Putting people first, every day

BDO is a firm built on a foundation of positive relationships with our people and our clients. Each day, our professionals provide exceptional service, helping clients with advice and insight they can trust. In turn, we offer an award-winning environment that fosters a [people-first culture](#) with a high priority on your personal and professional growth.

Your Opportunity

In BDO Consulting we may look for opportunities to engage you on projects across businesses.

BDO Digital is looking for a **Co-op or Intern, DevOps Engineer** to join the AppDev team from **January - April 2027**. This is a net new role and responsibilities will include:

- Designing, managing, supporting, and maintaining defined customers Azure cloud environments as well as security controls for the environments
- Building and maintaining continuous delivery pipelines using GitHub and Terraform for Infrastructure as Code
- Writing scripts and automation using PowerShell, CLI and Python
- Designing and implementing tasks in CI/CD pipelines and tools (e.g. Jenkins)
- Developing and maintaining Azure security policies

- Contributing to existing or new service offerings for our customers
- Verifying and resolving configuration and other non-software related issues
- Creating and improving processes to improve overall Cloud operations and continue to keep apprised on DevOps, Microsoft Azure & other cloud based technologies

How do we define success for your role?

- You demonstrate BDO's core values through all aspect of your work: Integrity, Respect and Collaboration
- You understand your client's industry, challenges, and opportunities; client describe you as positive, professional, and delivering high quality work
- You identify, recommend, and are focused on effective service delivery to your clients
- You share in an inclusive and engaging work environment that develops, retains & attracts talent
- You actively participate in the adoption of digital tools and strategies to drive an innovative workplace
- You grow your expertise through learning and professional development.

Your experience and education

- Candidate for Math, Computer Science, Engineering, or related field
- Infrastructure as Code (IaC) / Terraform
- Python
- PowerShell or Shell Scripting
- Jenkins or GitHub or Azure DevOps
- Azure REST API
- Knowledge of Kubernetes, Azure SQL (Standalone, MI, DW), Azure Synapse Studio, Polybase, ADF, Databricks, Azure ML, MLFlow, ADLS g2, ADC g2, AKV, HSM is an asset.

The expected range of compensation for this role is \$51,000-\$78,000.

Why BDO?

Our people-first approach to talent has earned us a spot among [Canada's Top 100 Employers for 2026](#). This recognition is a milestone we're thrilled to add to our collection of awards for both experienced and student talent experiences.

At BDO, our people experience is guided by three core pillars—**Do work with genuine care, Do what matters with purpose, and Do what's next** - shaping how we support our people, serve our clients, and grow together.

Our firm is committed to providing an environment where you can be successful in the following ways:

- We enable you to engage with how we change and evolve, being a key contributor to the success and growth of BDO in Canada.
- We help you become a better professional within our services, industries, and markets with extensive opportunities for learning and development.
- We support your achievement of personal goals outside of the office and making an impact on your community.

- We foster a collaborative, inclusive environment where your ideas are valued, and you can do your best work with genuine care and purpose
- We encourage innovation and forward thinking, empowering you to embrace what's next and help shape the future of our firm

Giving back adds up: Where company meets community. BDO is actively involved in our communities by supporting local charity initiatives. We support staff with local and national events where you will be given the opportunity to contribute to your community.

Total rewards that matter: We pay for performance with competitive total cash compensation that recognizes and rewards your contribution. We provide comprehensive benefits from day one, and a flexible personal time off policy. We're committed to supporting your overall wellbeing and provide reimbursement for wellness initiatives that fit your lifestyle.

Everyone counts: We are committed to creating a workplace where employees can participate fully, contribute meaningfully and succeed without barriers. We are dedicated to fostering a workplace defined by respect, fairness, and a true sense of belonging for everyone. We recognize and celebrate the unique experiences, identities, and perspectives that each of us bring – and that these experiences strengthen how we work together. Our commitment extends to ensuring that our application process is both inclusive and accessible. If you require accommodation to complete the application process, [please contact us](#).

Flexibility: All BDO personnel are expected to spend some of their time working in the office, at the client site, and virtually unless accommodations or alternative work arrangements are in place.

Our model is a blended approach designed to support the flexible needs of our people, the firm and our clients. It's about creating work experiences that meet everyone's needs and providing flexibility to adjust when, where and how we work to meet the expectations of our role.

Code of Conduct: Our [Code of Conduct](#) sets clear standards for how we conduct business. It reflects our shared values and commitments and includes guiding principles to help us make ethical decisions and maintain trust with each other, our clients, and the public.

BDO may use artificial intelligence enabled tools to support certain aspects of the recruitment process. While these tools assist our teams, our use of AI does not replace human decision making, and all employment-related outcomes are made by BDO personnel.
